31,229 Medical, paramedical and frontline workers trained.

E-SANJEEVANI PLATFORM OF GOVT. OF INDIA

1.28 million consultations.

Key COVID-19 response activities arried out are as follows:

Rajasthan:

Supporting the State's COVID Vaccination Drive

COVID Care Centers established in the four districts of Baran, Rajsamand, Udaipur and Sawai Madhopur are actively supporting the COVID vaccination drive. So far, 1,00,653 eligible adults, 18 years and above, have been vaccinated in the state.

Capacity-Building of Frontline Workers

In coordination with the Chief Medical Health Officer (CMHO) of Jaipur, Baran and Rajsamand districts, WISH organized trainings for frontline workers, including ASHAs and ANMs, to build capacity on COVID-19 prevention protocols and promotion of COVID vaccination. The training sessions included topics of community mobilization, COVID guidelines, Dos and Don'ts for COVID Vaccination and home-based post-COVID care.

Identification of COVID 19 Symptomatic Cases

WISH provide support to Urban PHC (Fatahpuriya Doyam, Beawar) staff in conducting a survey of COVID suspected cases, aimed at early detection of COVID cases and referral for treatment. A total of 457,835 individuals in 93,567 households were surveyed and were screened for COVID.

Madhya Pradesh

OPD and IPD Services at COVID Care Centers

In the six COVID Care Centers supported by WISH, seventy-three beneficiaries were provided In-Patient care, and 6,339 beneficiaries received COVID, Post COVID and Non COVID Out-Patient care, including Cardiology, Pulmonology and ENT consultations. Post-COVID Tele-calling services were provided to 3,373 beneficiaries; Pre and Post Vaccination Counselling was provided to 1358 beneficiaries; and physiotherapy services were provided to 194 beneficiaries.

Vaccination Drive with Pre and Post Vaccination Counselling

An awareness generation campaign was undertaken by the Bhopal Police Hospital COVID Care Center, 23 Battalion, which was attended by fifty on-duty Police Personnel from 29 Battalion, Datia. The campaign focused on promoting the adoption of COVID prevention and care measures, and the significance of COVID vaccine. In addition, 600 beneficiaries of Police Department and their dependents were provided pre and post vaccination counselling.

General Health Check-up Camps

Weekly camps for general health check-ups are being organized at COVID Care Centre Jabalpur and Indore Police Hospital. These camps are also promoting COVID appropriate behavior.

Inauguration of Oxygen Plants at Bairagarh and Kolar in Bhopal

Honorable Health Minister, Mr. Prabhuram Choudhary, and MLA Mr. Rameshwar Sharma inaugurated the oxygen generation plant at Bairagarh Civil Hospital and at Community Health Center, Kolar respectively. Since oxygen scarcity took a toll on COVID patients during the first and second waves of the pandemic outbreak, WISH is supporting the government by installing oxygen-generation plants.

Haryana

COVID Care Center at Gurugram is catering to both COVID and Post-COVID patients and other health related community needs. So far, 5,842 direct beneficiaries and 15,120 indirect beneficiaries have availed the services at the CCC, and the numbers are expected to rise as WISH has received good feedback and appreciation from the community and government officials. The activities conducted at the center include:

- **COVID Vaccination Drive**
- **Health Camps for ANC, NCD and Wellness**
- **Public Announcements for mobilization and awareness**
- **Testing camps for COVID (Antigen & RTPCR)**
- **Tele-calling for home isolated active cases and post-COVID patients**
- **School health check-ups, awareness sessions, vaccination and general health camp**
- **Community surveillance and follow up visits**
- **Tele calling to all COVID vaccination beneficiaries whose second dose is due**
- **OPD services**
- **IPD day care services**
- **Yoga sessions**

Visit by ex-state President of Bharatiya Janata Yuva Morcha (BJYM) Mr. Manish Yadav with other local BJP members and Senior Medical Officer Dr. Vikas Swami, and Medical Officer, Dr. Nidhi on 17 September 2021.

Uttar Pradesh

Orientation of Frontline Workers and Observation of Village Health and Nutrition Day (VHND)

The WISH staff in Gorakhpur held orientation sessions of ASHAs, ANMs and Anganwadi (AAA) workers on COVID-prevention, including, COVID Appropriate Behavior, early detection of COVID 19, and vaccination for all eligible populations, including pregnant women. The team also mobilized the community to join the VHND. More than fifty people attended the VHND session, and as a result, many pregnant women turned up for COVID 19 vaccination.

House-to-House Surveillance

The WISH Shravasti team participated in a house-to-house surveillance mission of the District Administration, and created awareness about signs and symptoms of COVID and its prevention. WISH team participating in a review meeting at Community Health Center, Sirsiya, on 10 September 2021 to discuss special awareness drive, and symptomatic case identification through house-to-house survey.

Community Awareness Program:

The WISH Shravasti team organized an awareness and meeting program for villagers in the presence of Gram Pradhan, Health Supervisor and frontline workers. The meeting resulted in significant increase in the number of people visiting the vaccination centers for vaccination.

Supervision at COVID Vaccination Center

The WISH staff is continuously engaged in community awareness activities, household surveys and educating people about myths and facts associated with COVID vaccination. These initiatives result in increased number of people visiting the vaccination centers. The team also provides supervision at the Digital Health & Wellness Centers.

Assam

Facilitating COVID-19 Vaccination Drive for Vulnerable Groups

- a. **Vaccination in Tea Estates:** WISH facilitated the vaccination of residents and workers of Maijan Tea Estate in Dibrugarh district with support from National Health Mission Assam.

b. Vaccination of People with Disability:

Seventy people with disability were vaccinated at Ashadeep Kendra, Japorigog, Guwahati, Assam.

c. Vaccination of people without ID cards:

WISH, in coordination with NHM District authorities, conducted COVID 19 vaccination drive for people without ID cards at Chandmari Ghat, Guwahati, Kamrup (Metro) to ensure that vulnerable communities are not left out.

Handover of COVID 19 Medical Equipment, PPE Kits, and other Supplies to CCC

PPE kits and medical were handed over to the COVID Care Center at Goalpara district in the presence of the District Development Commissioner, Joint Director

– Health, DPM officers.
